

CASE STUDY

## Sea Land Shipping: Gain an immediate competitive advantage

Sea Land Shipping Services (Sea Land), founded in 2013, is headquartered in Veracruz, Mexico. It provides logistics services for maritime and offshore oil and gas markets.

### A REPUTATION FOR INTEGRITY

Sea Land considers compliance a top business priority. As an organization focused on creating a strong reputation for integrity, and recognition in the market as a reliable and transparent company, they sought a service that would simplify their due diligence procedures and make them a more attractive choice for potential clients.

Following the recommendation of other Tcertified companies in Mexico, that spoke of how well-recognized Tcertification™ was amongst their clients, Sea Land decided to pursue its own certification.

### AN IMMEDIATE COMPETITIVE ADVANTAGE

Tcertification™ is a heavily benchmarked and comprehensive due diligence review, analysis and approval process establishing that an individual or organization has been thoroughly vetted, trained and certified by Ethixbase360, the world's leading anti-bribery standard setting organization.

“With Ethixbase360’s kind and helpful assistance, the Tcertification™ process ended up being easy for us - and our renewal was even faster.”

At the time of their initial Tcertified due diligence review Sea Land was courting a potential client for an offshore project. When the company asked whether they had completed any type of due diligence in the past, Sea Land was able to share

*“Being able to share our Tcertification™ report with potential clients helps them simplify their own due diligence process. Once they learn we have undergone Tcertified Due Diligence, they can simply contact Ethixbase360 and ask for the report. That gives us an immediate competitive advantage.”*

that they were in the process of completing a comprehensive review with Ethixbase360. Sea Land’s Tcertification™ report was completed in time for them to utilize the credential to close the deal with this client.

Tcertified companies are pre-vetted partners for multinational companies seeking to do business with suppliers, agents and consultants who share their commitment to commercial transparency.

**To begin the certification process, visit [tpms.tcompliance.com](https://tpms.tcompliance.com)**

*Disclaimer: Tcertification™ is not a guarantee against past or potential wrongdoing by the certified entity or a guarantee against potential liability. A summary of any “red flags” identified during the Tcertification™ review will be included in the report, but not all red flags preclude Tcertification™. Depending on the nature, size and scope of the proposed project with an intermediary, more extensive due diligence may be warranted.*
